You must ensure that you are adequately clothed and equipped for your holiday. If you are short of any item, we have a small stock of equipment for hire for a small charge. Please return your equipment hire form as soon as possible as items are limited. Should you arrive for your holiday without items deemed to be essential for safety reasons, you may be required to hire or purchase them. We ask for your co-operation in helping to carry a share of the group safety equipment.

C-N-Do is a Páramo Outdoor Clothing Premier Retailer and is pleased to offer holiday clients a 10% discount on purchases from our shop or online store.

Baggage space in our mini-buses is limited. Please do endeavour to ensure that your bag is of manageable proportions – one soft holdall or flight bag which should be **below 10kg (22lbs) in weight and at most 60x30x25cm (24"x12"x10") in size**, plus your rucksack. We would really appreciate it if you can keep within this limit to avoid us overloading our transport or compromising health and safety. If this is a problem you can store extra baggage at our office in Stirling.
